PARTICIPATE IN OUR GENETICS STUDY

Does your child have an intellectual disability, developmental delay, Autism, ADHD, or a learning difficulty?
Is your child between 2 and 17 years old?

You may be able to participate in our study!

What does this involve?
- You and your child will be asked to give a few ml of blood
- We will ask you questions about your child
- We will assess your child's development
- We will give you R250 to thank you for your time

Principal Investigator: Professor Kirsty Donald
UCT HREC: 810/2016

Contact us on 0818102614 or neurodev.sa@gmail.com for more info
